

The Dragon-MP5

IT&T

4818 Midland Road, Midland, Virginia 22728

About the MP5

- The **Heckler & Koch MP5** is a [9mm submachine gun](#) of German design, developed in the 1960s by a team of engineers from the German [small arms](#) manufacturer [Heckler & Koch GmbH](#) (H&K) of [Oberndorf am Neckar](#).
- There are over 100 variants of the MP5, including a semi-automatic version.
- The MP5 is one of the most widely used submachine guns in the world, having been adopted by 40 nations and numerous military, law enforcement, intelligence, and security organizations.

Product Description

(Model #: Dragon-MP5)

- The Dragon-MP5 is a high performance, modular, next generation lightweight sound suppressor for US and NATO calibre rifles.
- It was developed to reduce sound, visual, and heat signatures.
- It was designed, developed in Norway, and it is based on a highly successful patented technology.
 - Lightweight
 - Rugged
 - Affordable
 - Quick Lock with a Built in Flash hider
 - ***Modular weapon suppression that reduces all aspects of sound, visual heat and signature.***

Unique Benefits for Soldiers

- **The Dragon-MP5 will not:**
 - Impede normal operation of the rifle
 - Degrade weapon performance
 - Induce malfunctions above the unsuppressed weapon function
 - Cause blowback; or increase backpressure
 - Cause weapon fouling
 - Cause health concerns (toxicity mitigation)for operators.
- **Modular Design and Light weight**
- **Excellent sound suppression**
- **Rugged**
 - Able to fire more than 5,000 rounds at a sustained firing rate of 60 rounds per minute.

Construction and Design

- The suppressor is constructed from stainless steel modules, with Inconel alloy internal components for high durability and exceptional temperature tolerance.
- Each module is CNC-machined
 - There are no welds to crack or springs to jam or break
 - There are no moving parts.
 - This modular, monolithic construction gives excellent durability, even with automatic fire and sustained operation.
- There is no additional outer tube for a shorter overall length.
- Easy and quick to inspect, maintain and clean, even with carbon build-up

Easy and Quick Installation

- **The Dragon-MP5 incorporates a unique, patented Q-Lock with no moving parts to be fitted or removed using just one hand (left or right) with a straight 45 degree twist and click. No tools are required for mounting or dismounting the suppressor.**

1. MP5

2. Insert to a Flash Hider

3. Turn and Lock

Specifications

- *Caliber: 9 mm*
- *Overall Length: 206 mm*
- *Added length: 170 mm*
- *Diameter: Ø42 mm*
- *Weight: 380 G*
- *Mount Type: QC*
- *Finish: Dark/Matt*
- *Materials: Stainless / Aluminum*
- *Sound reduction: -34 db C 158grs.subsonic*

Summary

- **Patented Modular Design**
 - Light weight
 - Customizable and mission-specific
 - Easy inspection and cleaning
 - Low maintenance
- **No moving parts and No welding**
 - More durable
 - More rugged
- **Quick installation**
 - Q-Lock-User Friendly
 - ¼ turn to lock/unlock
